Dr. Ben Haley Presentation: Script DRAFT

Mission: The mission of the Foundation is to improve health care and outcomes for residents of Lincoln Parish.

Attorney: The Foundation's attorney is Bill Jones.

CEO: The Foundation's Chief Executive Officer is Norman Hanes, and the Foundation's office is located on North Trenton Street across from the Lincoln Parish Library.

Funding Resources:

With regard to the sources from which the Foundation receives its funds, we are fortunate to have 3 primary sources of funding:

First, the Foundation receives an annual bequest from the Harold Sturgis estate which requires that the Foundation utilize the funds for indigent health care in Lincoln Parish. The awards vary, but average approximately \$170 thousand annually. To date, the Foundation has received six bequests totaling just over \$1 million.

We are also privileged to have the Mary Jarrell Scholarship Fund which is used exclusively for nursing education. The corpus in that account is just over \$350 thousand.

Lastly, the Foundation's primary source of funds came from the sale of Lincoln General Hospital on April 1, 2007. The final distribution of funds was received from Lincoln Health System in 2010 and the current corpus is approximately \$26 million.

By law, the Foundation is required to spend 5% of its corpus each year. This means that since 2010 we have spent approximately \$1.2 million each year for specific health needs occurring in Lincoln Parish as per the Foundation's strategic plan. This strategic plan was based on results of the health needs assessment that was completed in 2008 and has been the basis for the \$3.8 million that the Foundation has funded in Lincoln Parish for needed health care improvement initiatives.

Our goal is to preserve the corpus and to use earnings from investments to accomplish the Foundation's mission. Obviously, our ability to preserve the corpus depends on the performance of the investment market which has been somewhat of a challenge for the past several years. The Foundation's funds are invested with Argent Financial Group, Regions Bank, and J.P. Morgan. The performance of these investments is reviewed monthly and the investment agreements with these advisors are evaluated annually.

The Foundation uses Heard, McElroy & Vestal, LLP Certified Public Accountants for its annual audit and other reporting requirements. Copies of our audits and tax returns are available on the Foundation's website.

Closing Remarks

The Board of Directors is excited about the programs that have been completed to date and very optimistic about the funding initiatives that are currently in progress, as well as those we will be funding later on this fiscal year.

I would now like to turn the program over to our Chief Executive Officer – Norman Hanes – who will talk about the specific strategic plan initiatives the Foundation has addressed since our public meeting last year, as well as those planned for the remainder of this fiscal year.
